MEDICAL NOTES: (conditions, injuries, allergies, medications)

---

Please note the U12 CI Program is a development program that is offered to all U12 aged kids currently registered with an association. There is a cost to the program. This is an LMRL sponsored program initiated by Ringette BC. We are inclusive and create an environment conducive to improving ringette and skating skills; we will also be teaching new coaches to instruct and on ice officials to referee the games. Families and athletes attending need to behave respectfully to all instructors and volunteers working within the program. Thank you see you soon
